

International Institute for Aerospace Engineering and Management (IIAEM), Jain University signs a MoU with National Aerospace Laboratory (NLR), Netherlands

Jain University is privileged to sign a Memorandum of Understanding with National Aerospace Laboratory (NLR), Netherlands on 22 August 2013.

IIAEM is a collaborative venture between Jain University and Society of Indian Aerospace Technologies & Industries (SIATI), having its principal office in Bangalore, India has been engaged aerospace education, research and management.

The National Aerospace Laboratory (NLR) is the key independent knowledge enterprise for Aerospace and Aviation in the Netherlands. NLR has been involved in this area for more than 90 years to ensure greater sustainability, safety and efficiency through innovation in aerospace and aviation technologies and applications.

Both NLR & IIAEM have expressed willingness for partnership signature to promote the development of a mutual cooperation which would benefit both parties in the fields of research, development, education, training, transfer of technology and dissemination of knowledge on long term basis, and also to promote international collaboration and increased contribution of social development.

They propose to establish this co-operation through:

- Joint Research and Development projects
- Training and education
- Apprenticeship / associate ship in NLR Lab for graduates of IIAEM, JU

The MoU signed would facilitate Collaborative Research, Training and Education by the following means:

- IIAEM, JU to welcome NLR researchers and trainers to visit IIAEM, JU to engage in scientific research & education and consultancy. Reciprocally, NLR to welcome researchers from IIAEM, JU to visit NLR in order to engage in scientific research and consultancy
- For each collaborative topic, an individual business case with clear cost / revenue balance to be made
- In close consultation, both IIAEM, JU and NLR may involve partners (from industry and academia) to strengthen the case
- NLR and IIAEM, JU will collaborate involving a 3rd party if required to market training equipments / training aids in aerospace developed either by NLR or jointly by NLR & IIAEM, JU for education / training institutions in India
