

International Institute for Aerospace Engineering and Management (IIAEM), Jain University signs a MoU with Institut Aéronautique ET Spatial (IAS), France

International Institute for Aerospace Engineering and Management, Jain University is privileged to sign a Memorandum of Understanding with Institut Aéronautique ET Spatial (IAS), France on 7 February 2013 at GIFAS Stall, Aero India Show – 2013.

IIAEM is a collaborative venture between Jain University and Society of Indian Aerospace Technologies & Industries (SIATI), which has received overwhelming support from academic institutions and industrial organizations like HAL, ISRO, AAI, NAL, Air India, BIAL and others. Institut Aéronautique ET Spatial (IAS) is the international continuous education agency acting for the French aerospace industries within the frame of GIFAS (French Aerospace Industries Association). It undertakes professional trainings dedicated to industrial members of GIFAS on an international scale. These solutions are exclusively implemented for partners outside Europe (exportations or international partnerships).

Both IAS & IIAEM have expressed willingness for partnership signature to promote the development of a mutual cooperation which would benefit both parties in the field of aeronautics with the following objectives:

- To build up a professional training centre in Bangalore for French aerospace companies' needs in India
- To develop adapted professional training solutions for French companies in India
- To cooperate in order to develop relevant professional education solutions in the field of Aeronautics

MoU was signed in presence of Mr. Yves Guillaume (2nd from Right), CEO, EADS India
