

Valedictory Programme

Farewell to the batch of final year BE (Aerospace) students, one of the most cherishing moments in IIAEM was organised on 15th April 2013 at Jain Global Campus. Having been the hosts, juniors took immense pleasure in bidding a memorable farewell. Although, with emotions running high, it was an opportunity to recall the most precious events during the last 4 years, the seniors took their chance to look back into the past and admire the time spent at IIAEM. The presence of all faculty members had made this occasion a blessed moment. As this is the first passing out of a BE(Aerospace) batch from IIAEM, Dr. N G R Iyengar, Director, IIAEM wished all the students a very successful and prosperous life ahead.
